

6. Employees of the State Power Bodies

Composition of employees who hold state and municipal position is given in this section. Data is represented by groups of state posts according to the list approved by the respective edicts of the President of the Russian Federation and legal acts of the subjects of the Russian Federation. Information on composition of the State Duma deputies is also included.

State posts of the category «A» include posts of heads (first persons) of the State power bodies of the Russian Federation and subjects of the Russian Federation, heads of the federal executive power bodies – federal ministers.

Statistical data on deputies of the Federal Assembly of the Russian Federation who also belong to the category «A» are represented by factions and movements.

State posts of the category «B» include posts of heads of the Administration of the President of the Russian Federation, Secretariat of the Government and Chambers of the Federal Assembly, heads and their deputies of the Chancellery of the President, Secretariats of the Prime Minister and his deputy, assistants, advisors, referents of the President and Prime Minister of the Russian Federation, federal ministers and similar state posts of subjects of the Russian Federation.

State posts of the category «V» include posts of heads of federal executive power bodies (except ministers), other state bodies of the Russian Federation and similar bodies of subjects of the Russian Federation, heads of structural departments of state bodies, their deputies, experts of various categories.

Municipal post – the post stipulated by the charter of municipality in accordance with the legislation of the subject of the Russian Federation, with the capacity and power to resolve local problems and responsible for their performance, as well as posts at local governing bodies established by the charter of municipality.

Information on employees who occupied municipal posts is represented by those local governing bodies of subjects of the Russian Federation at district (town) and rural levels, where as of 1-st September 2003 municipal service was actually implemented, i.e. laws on municipal service and register of municipal posts were approved.
